Summary

I am a recent graduate with a B.Tech in Information Technology from Dr.N.G.P. Institute of Technology. I am proficient in Python, C, C++, SQL, HTML, CSS, and JavaScript. I was trained as an Associate Software Developer in Fullstack development at Calibraint Technologies as an Intern. I am a quick learner and team player, and I am available for full-time employment. I am eager to start my career in Information Technology and make a positive impact.

Experience

Calibraint

Associate Software Developer
November 2022 - January 2023 (3 months)
Chennai, Tamil Nadu, India

I worked as an intern for the winter of 2022. I was trained for the Associate Software Developer role, and I worked on a variety of projects using HTML, CSS, and JavaScript. I have a strong understanding of these languages, and I am able to use them to create and style web pages, as well as to develop interactive web applications. During my internship, I learned about the software development process, how to use various programming languages and frameworks, and how to work in a team environment.
